Hello [insert legislator's name],

My name is [insert your name], and as one of your constituents, I'm reaching out to share with you my excitement about the Massachusetts Healthy School Lunch Bill (SD1308). Like so many, I'm very concerned about the health of our children, and I feel strongly that improving nutrition in schools should be a top priority.

As a constituent and member of your community, I'd like to encourage you to co-sponsor and support the bill.

Best,
[your name]
